# Thunderbolt 3 Multi-Port HUB
## for MacBook Pro with USB-C port

**SUPER SPEED MULTI-FUNCTION HUB**
Specifically designed for the 2020 MacBook Pro. Turns two Thunderbolt3 ports into 7 ports include: One HDMI port 4K@30Hz video output; Two Thunderbolt 3 - Up to 5k or 2x4k @ 60Hz video, Up to 40Gb/s data speed; 2 USB 3.0 ports - 5Gb/s data speed; USB-C port - Up to 5Gb/s data speed; SD/Micro card reader - Up to 104MB/s. Plug and play.

**MACBOOK PRO CASE-FRIENDLY**
The two lengthened USB-C plugs make it compatible with snap-on case, specifically designed for MacBook Pro Users who like going with a stylish hard shell cover or protective case.

**STRONG POWER DELIVERY**
Supports up to 100W power delivery to charge both 13" (61W) and 16" (96W) MacBook Pro at full speed while having all data ports in use.

**4K HDMI PORT**
Supports external monitors, TVs, projectors resolutions up to 4K@30Hz or 1080p@60Hz.

**ADVANCED SAFETY**
This product is CE, FCC and RoHS certified. It guarantees stable output, avoids temperature protection, over current or short circuit.

Most ideal choice and partner for your extra Notebook and Tablet with only one USB-C port. This product could recover all the functions of your PC or Tablet. 3 Ports Type A hub extension allows you to connect different external devices with your PC or Tablet; RJ45 slot could solve your network anxiety; HDMI interface allows you to share the video graphic on another HD displayer; SD4.0 card reader function accelerates the unexpected read-write speed for you. The most importance is that this item is equipped with PD function, which will enhance the continuity of office work or entertainment and avoid the interruption due to Power. DC PSU interface is the ideal standby function for charging your downstream devices. The Silver color and silicone surface perfectly matches with your notebook and tablet.
